

## (00)List of documents

The documentation is **iterative**—each document takes you a level deeper into the solution.

How to read the most effectively:

- **Intro:** read all the 4 documents. They are short easy to read documents and are essential to understand the concept.
- **The framework:** only look up and dive deep into the rights you are interested in. Ideally you are familiar with the first 13 rights (out of 39).
- **terms of use , copyright, disclaimer:** please read them before use the solution
